How to Play/Win:

2. Four (4) of the five (5) steampunk prize pieces will reveal a free play prize in accordance with the matrix below and one (1) of the five (5) steampunk prize pieces will move the participant on to the next stage on the interactive touchscreen media gameboard for a chance to win up to \$10,000 in cash.
3. The four (4) participants who reveal Free Play will be awarded their Free Play prize and will conclude their game play.
4. The guest who advances to the touchscreen game will progress through a series of gear-themed levels for a chance to win \$10,000 in cash.
 - a. The game board consists of 25 gear-themed spaces. Behind each space is either a cash amount or busted gears.
5. The objective is to move across the board and through the maze of gears by selecting one gear from each row.
 - a. As the contestant advances row by row, any gear that is not busted will reveal a cash amount. These amounts accumulate as the contestant progresses.
 - b. If the contestant selects a busted gear (\$0.00), the game ends and they are awarded the total cash accumulated up to that point.
6. If the contestant successfully reaches the top of the board, they power the machine and win the \$10,000 cash prize.
 - a. Prize values for each row remain the same but are shuffled each drawing hour. If the contestant wins the \$10,000, that amount is their total winnings and does not combine with any accumulated cash from the board.
7. At the conclusion of each drawing time all game pieces will be replaced so they will be available for each drawing hour of the promotion.
